

AMIRNET PRACTICE TEST 19

Original practice simulation | Level: High

Core structure	6 sections: Sentence Completion, Reading Comprehension, Restatements
Core timing	39 minutes total (4 + 4 + 15 + 6 + 6 + 4)
Print-adapted experimental section	2 sections: Grammar in Context + Word Formation
Suggested rule	Work under time pressure and check the answer key only at the end

This is original Zoom English practice material inspired by the current AMIRNET section structure. It is not an official test of the National Institute for Testing & Evaluation (NITE/MALU), and it does not guarantee any particular score or exemption level.

SECTION 1 - Sentence Completion

4 questions | 4 minutes

1. Researchers considered the new distribution system ____ because it was working well without wasting time or resources.

- A. substantial
- B. compelling
- C. efficient
- D. available

2. It became clear that the change in public attitudes was ____ - it was happening slowly over time.

- A. plausible
- B. temporary
- C. gradual
- D. available

3. The committee said that the closure of the main entrance seemed ____, since it was lasting for a limited time.

- A. significant
- B. substantial
- C. apparent
- D. temporary

4. The new policy is intended to help managers ____ additional funds to the research program.

- A. justify
- B. prevent
- C. allocate
- D. require

SECTION 2 - Sentence Completion

4 questions | 4 minutes

5. After a lengthy discussion, the committee agreed to ____ the new safety procedures immediately.

- A. diminish
- B. implement
- C. withstand
- D. contradict

6. The organization decided to ____ the growth of certain bacteria after reviewing the latest information.

- A. contradict
- B. prevent
- C. inhibit
- D. improve

7. Researchers considered the proposed explanation for the unusual result ____ because it was seeming reasonable or likely to be true.

- A. plausible
- B. consistent
- C. scarce
- D. ambiguous

8. It became clear that clean water in the region during the drought was ____ - it was not available in sufficient quantity.

- A. scarce
- B. unprecedented
- C. temporary
- D. ambiguous

SECTION 3 - Reading Comprehension

5 questions | 15 minutes

Open Educational Resources

Some teachers use learning materials that can be freely accessed and adapted. One important reason is that open licenses may allow instructors to update examples, translate content, or combine chapters from different sources. In addition, creating and reviewing high-quality materials still requires time and expertise. Researchers therefore note that open educational resources can increase flexibility but still require quality control. Nevertheless, institutions also need systems for checking accessibility and keeping information current. The issue is not simply whether the approach has value, but under which conditions it works best. In particular, free access does not remove the need for expert review. For this reason, supporters argue that open resources can reduce costs while giving teachers more flexibility.

9. What is the main purpose of the passage?

- A. argue that open educational resources should be avoided in every situation
- B. Discuss benefits and responsibilities associated with open learning materials
- C. describe only the historical origins of open educational resources
- D. compare two unrelated technologies without reaching a conclusion

10. According to the passage, which statement is true?

- A. Open educational resources can increase flexibility but still require quality control.
- B. The approach described is useful only in laboratory settings.
- C. The passage states that no practical limitations have been identified.
- D. The main benefit described in the passage has been completely disproved.

11. The word **adapted** is closest in meaning to:

- A. impossible to measure
- B. unrelated to the subject
- C. changing without any pattern
- D. Changed to suit a new purpose

12. Which of the following can be inferred from the passage?

- A. Free access does not remove the need for expert review.
- B. Further planning or evaluation is unnecessary once the approach is adopted.
- C. The author believes that one simple action can solve every related problem.
- D. The approach described has no costs or disadvantages.

13. Which statement best reflects the author's view?

- A. The subject is useful only because it is inexpensive.
- B. The subject has potential benefits, but its success depends on how it is implemented.
- C. The subject has already solved all of the problems discussed.
- D. The subject is entirely ineffective and should be abandoned.

SECTION 4 - Restatements

3 questions | 6 minutes

14. Unless the park authority can complete the repairs, it will not be able to reopen the trail.

- A. The park authority can reopen the trail only if it can complete the repairs.
- B. Being able to complete the repairs is unnecessary for the park authority to reopen the trail.
- C. The park authority must reopen the trail before it can complete the repairs.
- D. The park authority can reopen the trail even if it does not complete the repairs.

15. It was not until the agency had managed to complete a public consultation that it could change the regulation.

- A. The agency could change the regulation before it managed to complete a public consultation.
- B. The agency could change the regulation without ever having to complete a public consultation.
- C. The need to complete a public consultation arose only after the agency had already been able to change the regulation.
- D. The agency could change the regulation only after it had managed to complete a public consultation.

16. Although several experts expressed doubts, the committee approved the proposal.

- A. The committee approved the proposal because several experts expressed doubts.
- B. Despite the fact that several experts expressed doubts, the committee approved the proposal.
- C. Because several experts expressed doubts, the opposite outcome occurred.
- D. If several experts expressed doubts, the committee approved the proposal would not have happened.

SECTION 5 - Restatements

3 questions | 6 minutes

17. Few people expected the experimental design to prove so effective in such a short time.

- A. The design took longer to prove effective than expected.
- B. Most researchers had always been certain that the design would be effective.
- C. The experimental design proved effective sooner than most people had expected.
- D. The design was abandoned before anyone could test it.

18. Residents no longer depend on a single source of drinking water.

- A. Residents are now required to use a single source of drinking water.
- B. Residents used to depend on one source of drinking water, but they do not anymore.
- C. Residents have always used several different water sources.
- D. Residents have recently begun depending on only one source of drinking water.

19. The new material is more resistant to heat than the previous material.

- A. The two materials have identical resistance to heat.
- B. The previous material withstands heat better than the new material.
- C. The previous material is less resistant to heat than the new material.
- D. Neither material can be compared in terms of heat resistance.

SECTION 6 - Sentence Completion

4 questions | 4 minutes

20. Experts recommended that the agency ____ the long-term effectiveness of the treatment as soon as possible.

- A. diminish
- B. allocate
- C. maintain
- D. require

21. The new policy is intended to help managers ____ the new findings with the earlier theory.

- A. replace
- B. reconcile
- C. allocate
- D. reduce

22. According to the final assessment, the evidence presented by the investigators was ____: it was very convincing or persuasive.

- A. compelling
- B. plausible
- C. obsolete
- D. meticulous

23. The report described the agreement reached after the first meeting as ____, meaning it was not fully decided or certain.

- A. tentative
- B. vulnerable
- C. reluctant
- D. efficient

SECTION 7 - Experimental Practice: Grammar in Context 4 questions | 4 minutes

24. The device is designed to operate even when the temperature ____ below freezing.

- A. falling
- B. will fall
- C. has fell
- D. falls

25. The committee asked whether the revised plan ____ all of the safety requirements.

- A. meeting
- B. has meet
- C. met
- D. meet

26. No sooner ____ the announcement than several organizations requested further details.

- A. did the agency made
- B. had the agency made
- C. has the agency make
- D. the agency had made

27. The building would require fewer repairs if it ____ more regularly in the past.

- A. was maintaining
- B. maintains
- C. had been maintained
- D. has maintained

SECTION 8 - Experimental Practice: Word Formation 4 questions | 3 minutes

28. The speaker presented the argument clearly and ____.

- A. persuasion
- B. persuasively
- C. persuasive
- D. persuade

29. The new measurements confirmed the ____ of the original estimate.

- A. accuracy
- B. accurate
- C. accurateful
- D. accurately

30. The two methods are similar in principle but differ ____ in cost.

- A. substantially
- B. substance
- C. substantial
- D. substantiate

31. The researchers emphasized the practical ____ of their findings.

- A. importance
- B. important
- C. import
- D. importantly

ANSWER KEY

Check only after completing the test

Q	Ans	Q	Ans	Q	Ans	Q	Ans
1	C	2	C	3	D	4	C
5	B	6	C	7	A	8	A
9	B	10	A	11	D	12	A
13	B	14	A	15	D	16	B
17	C	18	B	19	C	20	A
21	B	22	A	23	A	24	D
25	C	26	B	27	C	28	B
29	A	30	A	31	A		

Training note: AMIRNET is adaptive, so a paper simulation cannot reproduce the exact score calculation or the way the computer changes difficulty between sections. Use these tests to build speed, vocabulary, reading accuracy, and restatement skills.
